### **Backflow Preventer Testing**

The recent notice from the Sarasota County Public Utilities Department to most GVE homeowners regarding backflow preventer operational testing came as a surprise. If you do not have either a well or irrigation system you do not need this test and you should check with the county. For the rest of us, it is a requirement. After speaking to several of the listed companies GVE made an arrangement with Mack Renick Plumbing Inc., located at 620 Bayshore Road, Nokomis, phone 941-223-0655. If you contact this company directly and tell them, you live in Gulf View Estates they will arrange the testing and paperwork for a cost of \$35. This will include the cost of a replacement tester cock if necessary. Linda Sussman, president Gulf View Estates
